Why Go to a Birth to Five Playgroup?

Children under five are going through a stage of rapid brain and skill development and need a stimulating environment to play and learn. Playgroups offer babies, toddlers, and young children a wide variety of early learning experiences. Playgroup develops physical skills, teaches problem solving, communication, social interaction, and of course it is lots of fun!

It is also FREE

Why Playgroup is Important (taken from paygroups.com/au)

For Children:

- Provides an environment for social interaction
- Provides an opportunity for children to play and learn
- Assists in language development and communication
- Provides a space for children to participate in and enjoy new activities
- Provides a stimulated environment where children can acquire new skills and learn
- Provides access to a variety of toys and equipment
- Provides a safe and happy place for children
- Assists children to become ready for the formal learning environment

For Adults:

- Gives parents the opportunity to play and interact with their child
- Provides a great space for social interaction
- Allows time for parents to share their experiences, ideas, and to support one another
- Provides a routine that allows families to gather and interact
- Fosters community spirit and assists social networks
